POULTRY SHOW TO BE OCT. 4 BY 4-H CLUBS

By Tom Casaday

Ten 4-H Club members are making plans to enter sixty hens in the Annual 4-H Poultry show which is to be held Saturday, October 4, in Elba. Each Club member will select six of his best pullets to enter in the show. Eighty dollars will be awarded in prize money, and the amount each boy or girl gets will depend on how good his pullets look to the Judges. A. A. Middleton, Alabama State Hatchery, Dothan, Judge and Wade Andrews of the Sears Farm Store of Dothan, will award prize money and ribbons. Club members entering the show are Wayne and Jimmy Smith of Damascus; Ed Cowen, Linda Cannon, Judy Wilson and James Howell of Curtis; Lewis McCarty of Pine Level; Johnny Ziegler, of Zion Chapel; Eddie R. Knowlton of Fairview; and John Inman of New Hope.

4-H Schedule:

Later in the month, Mrs. Huthinson, Mrs. Wakefield and I will visit each school to see the Principal, local leaders and Officers in each club. Each person will receive a copy of the New Yearbook and Plans for the October demonstrations will be made. All of us in the County and Home Agents office appreciate the real help and cooperation extended to us by the principals and leaders. And we believe we have the best 4-H Club boys and girls officers to be found anywhere.

We're anxious to get started by the end of the month. We feel that the club members will enjoy and learn a lot from the demonstrations. Conferences Leaders and Officers are as follows: Sept. 22, Basin, Curtis, and Pine Level; Sept. 23, New Hope, Zion Chapel, and New Hope; Sept. 25, Fairview and

Kinston; Sept. 30, Mt. Pleasant, Goodman and Damascus. Young People—Listening in on the Farm Bureau Directors Meeting a few nights ago, I heard the Officers and Directors explain a new program sponsored by the Coffee County Farm Bureau and the State Organization. The program is designed to offer young people between the ages of 18-28 opportunities to participate in the State Organization meeting which is to be held in Biloxi October 26. They would like to have a young man or woman enter the Talent Contest which will be held the opening night of the convention. Of course, a duet, trio or quartet or any kind of entertainment would be welcome. Those entering must be 18-28 and may be married or single. Those interested should contact Home Agent Sara E. Hutchinson or some of the officers or directors of the Coffee County Farm Bureau.

CO-OP PAYS INTEREST
 Checks totaling \$17,479.80 were delivered to the 14 wholesale power consumers of the Alabama Electric Cooperative recently, as one of two semi-annual payments for 1958 under Alabama Electric's program to pay interest to its consumers on "capital credits" which they accumulate in the Co-operative through their purchases of electricity.

Cheese and frozen dairy products account for 20 per cent of all milk sold by farmers, compared with about 12 per cent in the mid-1920's.

The 20-year old soldier entered the Army in July 1938. He was graduated from Elba High School in 1938.

Specialist Four, Charles R. Mauldin, son of Mr. and Mrs. E. Mauldin, Rt. 3, Elba, recently completed the eight-week general supply course under the Reserve Forces Act program at the Army Armor Training School, Fort Knox, Ky.

Specialist Mauldin received instruction in the fundamentals of Army supply procedure and the preparation of supply records and forms.

FARMERS HERE DO BETTER THAN U. S. AVERAGE

Coffee County farmers held their own last year to a better extent than did farmers in many other parts of the country.

Confronted with the same squeeze of poor prices and high costs, they pulled out of the unfavorable situation comparatively well.

The story is told in a comprehensive report, covering every county in the United States, released by the Standard Rate and Data Service, New York.

It shows that Coffee County farmers ended the year with gross farm income, before expenses, of \$5,618,000.

Off 12 Per Cent

This total, despite the fact that the year was a relatively poor one for the farmer as well as practically everyone else, was only 12.0 per cent below that of the prior year, when it was \$6,380,000.

The decline was smaller than was experienced in some areas, where it reached as much as 17.3 per cent.

The gross farm receipts locally consisted principally of income from crops estimated at \$2,554,000, and returns from the sale of livestock, \$1,544,000.

Also entering into the total were soil bank and other government payments and the value of food produced and consumed on the farm.

Apportioned equally among the local farm population, which was set at 11,800 as of the beginning of this year, this gross income was equal to \$476 per person.

The year 1957 was one of contradictions in agriculture. Crop production in the United States, despite the fact that the number of acres worked out less than at any time since 1919, was very high.

Yet net farm income, after deducting expenses, was lower by some \$300 million.

Farm real estate, however, rose in value. In the State of Alabama, the rise amounted to 7 per cent according to the agriculture department.

As an average, the present market value of farm land is about nine times the annual net farm income, the figures show. It is the highest in 20 years.

Why so high? Because of the fact that many commercial farms are too small for efficient operation, the urge to enlarge them has increased sharply. Added to this has been a demand for land for non-farm purposes, such as realty developments, near urban areas.

The experiences of the Washington-area milk producers provide an important lesson for any retail merchant—that is, the consumer can never be taken for granted.

No matter how commonplace a product is, there is a good chance that the public is ignorant of some of its worth. Thus, for any product, continued education through advertising is a necessary step for attaining maximum sales.

CIVITAN WILL HEAR STARNES CHARTER NIGHT

The Elba Civitan Club will receive its charter at ceremonies Saturday, beginning at 8 p. m. at the Elba High School dining room when Joe Starnes, president-elect of Civitan International, will be the principal speaker.

Starnes was elected at the convention of Civitan International held in June in New Orleans. He will be introduced by Grady T. Kay of Birmingham, a past international president of Civitan.

I. F. "Bow" Dunaway is president of the local club. L. P. Moore secretary, and Lister Johnson treasurer.

M. L. Moore, president of the Andalusia Civitan club, will be toastmaster. Rev. F. R. Bow, man, chaplain of the Andalusia Civitan club, will pronounce the invocation. After dinner the program will open with introduction of guests by Robert T. Holley, lieutenant governor of the Alabama West Florida Civitan district. Mayor Hershel Taylor will extend a welcome to the club.

The program will include a presentation of the Alabama West Florida Civitan district charter, which will be presented by Mr. Dunaway.

John D. Miller, president of the Birmingham Civitan club, will hold initiation of members. Robert E. Kitchner, governor of the Alabama West Florida district, will read the messages, followed by the address of Mr. Starnes.

Grady Howell, Chairman, Pat Brown, R. O. Andrews, Joe J. McKenzie.

Robert Godwin, Chairman, Frank Britt, Mack Nichols.

L. E. Brown, Chairman, J. D. Gunter, Cecil Godwin.

Lelan Weeks, Chairman, Harde Kelley, Fred Dyes.

Man Warren, Chairman, Sam Paschal, Earl F. Henderson.

In addition to his duties as a regular community committee member, the chairman of the community committee is charged with the responsibility of electing a county committee to serve beginning Oct. 1, 1958, for a period of one year. The chairman of the community committee will meet at the ASC Office in New Brockton on Sept. 24 at 10 a.m. for the purpose of electing the county committee to serve for next year.

22 YEARS AGO

Circle Number One of the Baptist Church met in the home of Mrs. J. A. Carnley Monday afternoon. Mrs. Chalmers Blackmon presided over the business session, after which Mrs. Carnley gave the devotional. The lesson was presented by Mrs. Terry Kendrick. The closing prayer was given by Mrs. Willie Michel.

Mr. Ephraim Davis Rowe, prominent Elba citizen, passed away at his home here Friday afternoon following an illness of several weeks. He was 74 years of age. He is survived by his wife, Lilla Taylor Rowe, 13 grandchildren, and 4 great-grandchildren.

Burial was in Evergreen cemetery with Elba Funeral home in charge. Funeral services were held from the Elba Baptist Church with Rev. B. S. Franklin, pastor officiating.

Dr. W. C. Braswell is suffering from injuries received several weeks ago, when he was a passenger in a truck which overturned. The Smith Brothers Delivery Truck, driven by J. D. Smith, overturned about four miles north of Elba while returning from Montgomery.

Dr. Braswell is now up and about, and with the aid of his excellent chauffeur, Walter

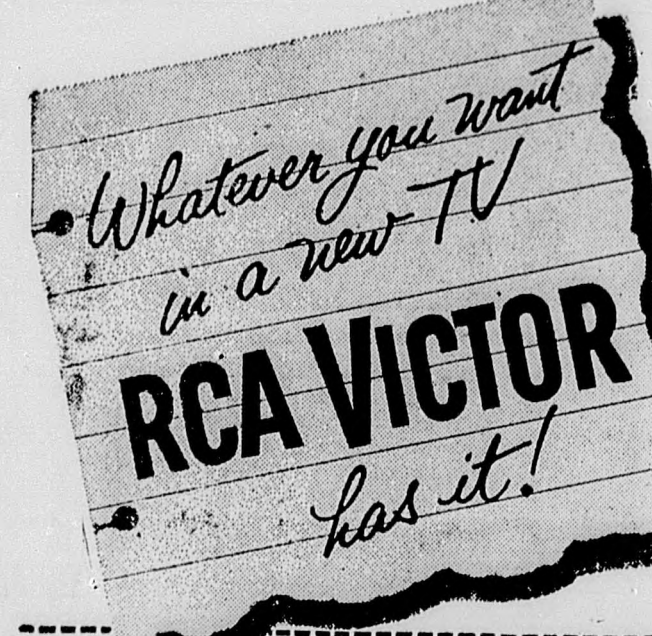

Mills, has been able to continue his practice.

Judge J. A. Carnley reports that he was recently in Mobile, and ran across Rev. R. M. Hunter, who was pastor of the Elba Baptist Church in 1922. Although now 85 years of age, Rev. Hunter is pastor of the North Side Baptist Church in Mobile.

H. B. Larkins, principal of the Kinston High School, has been chosen as president of the Coffee County Teachers Association for the coming year, with J. L. Price, member of the faculty of Coffee County High School in Enterprise as Vice-president. Mrs. A. C. Dunaway, of Elba, will serve as president of the County PTA for the coming year with Mrs. J. E. Pittman of Enterprise as vice-president and Mrs. W. R. Crook of Elba as secretary.

FINAL PHASE
Army Pvt. Cecil Hall Jr., 18, whose parents live on Route 3, Elba, recently completed the final phase of six months active military training under the Reserve Forces Act. Program at Fort Bliss, Tex. Hall completed basic training at Fort Jackson, S. C.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Philippians	1	3-6
Monday	Philippians	2	1-5
Tuesday	1 John	1	5-7
Wednesday	Ephesians	5	25-28
Thursday	Ephesians	5	29-33
Friday	1 Corinthians	7	16-17
Saturday	Romans	12	4-6

It was autumn, and as we looked out at the beauty of the valley, Bruce asked me to marry him. Though I loved him, I was afraid to say yes.

I've always been a church-going person. Bruce wasn't. I knew that before I could marry him I would have to show him how much the Church meant to me. I asked him if he would start attending Sunday service with me.

He did; and in the beginning I knew that he was coming only to please me. Then, as time went on, I could see that the Church was beginning to have a new meaning for him. And finally the day came when he turned to me and said, "I had no idea what I had been missing."

That was the turning point. Bruce and I have been married five years, now—and you'll still find both of us in church each Sunday.

Mr. and Mrs. Jerry Goodson

Miss Patsy Parker Becomes Bride Of Mr. Goodson At New Brockton

Miss Patsy Parker, daughter of Mr. and Mrs. Fred Parker, became the bride of Mr. Jerry Goodson, son of Mr. and Mrs. W. P. Goodson of New Brockton, at an afternoon ceremony August 31, at the West Side Baptist Church.

The Rev. O. R. Davis of New Brockton officiated before a background of greenery, white gladioli in standard baskets, tall white candles and an iron arch entwined with white carnations. Music was provided by Miss Sue Morrow, pianist, and Miss Tulah Dismuke, vocalist, who sang "Oh Promise Me," "I Love You Truly," and "The Lord's Prayer."

The bride's gown was of white lace over satin, fashioned with a Sabrina neckline, long sleeves and a bouffant skirt. A lace cap encrusted with pearls held her short veil and pearl jewelry given by the groom, accentuated the dress. She carried a prayer book topped by a white orchid.

Miss Elizabeth Bullard served as Maid of Honor and Miss Janice Parker, sister of the bride, acted as Flower Girl. Miss Burkard wore a dress of

deep purple net over taffeta styled with a pleated panel down each side of the skirt. She carried a large bouquet of lavender and lilies.

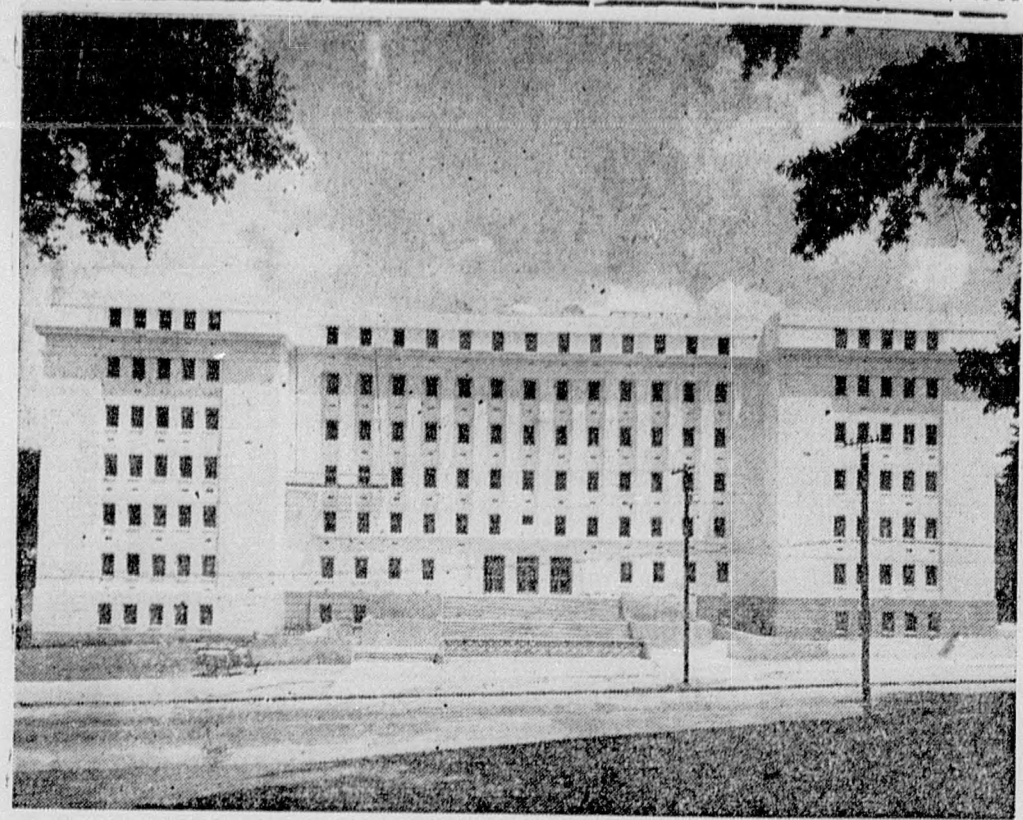

Miss Parker wore a white nylon dress and carried a pink basket of rose petals.

Groomsmen were Mr. Jimmy Hornsby of New Brockton, and Mr. Richard Jacobs, cousin of the groom from Columbus, Ga. Master Tommy Johnson, nephew of the bride, served as Ring Bearer.

After the wedding ceremony, Mr. and Mrs. Parker entertained at a reception at the home of Mr. Harold Kelly, sister of the bride. A white lace cloth covered the bride's table which held a ruffled enameled punch bowl and a tiered wedding cake. White gladioli decorated the house.

After Carolyn Hulson registered the guests, Miss Vernette Hudson, Miss Inez Rowe and Miss Jean Gorman and Miss Jane Gorman of Columbus assisted in the serving.

After a honeymoon trip, Mr. and Mrs. Goodson will make their home in Norfolk, Virginia, where he is with the U. S. Army.

Alabama's new state office building, located behind the State Capitol, Montgomery, is nearing completion and will be dedicated by Gov. James E. Folsom this fall. It has taken 20 months to build and will house 18 State agencies. Some 800 State employees will work in this seven-story building which has 165,000 square feet of office space, 25,000 square feet of storage space, an auditorium to seat 750, a cafeteria, and four electronic elevators. The structure has cost \$2,500,000 exclusive of the elevators, and is being financed by a bond issue authorized by the 1953 Legislature, and administered by the Alabama State Building Authority composed of the Governor, State Finance Director and Attorney-General.

Sgt. Hutchinson In Tactical Jump

Sgt. William E. Hutchinson, son of Mr. and Mrs. W. B. Hutchinson, Route 3, Elba, recently participated in a tactical training parachute jump with the 24th Division in Germany.

A fire team leader in Company A of the division's 503d Infantry, Sgt. Hutchinson entered the Army in January 1954.

He is a 1952 graduate of Elba High School.

Wise, sister of the bride.

Many beautiful and useful gifts were displayed by Mrs. W. B. Weick and Mrs. Orelle Parker.

About fifty guests called during the appointed hours.

SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Organic matter or lack of organic matter in the soil can mean the difference between high crop yields and low yields.

Success or failure of a crop may be traced to organic content of the soil. Nature once did an excellent job of conserving and adding organic matter with decaying leaves, grass and plants.

In our present day row cropping system, we can only hope to maintain a fair amount of organic content at best. A helpful practice is to turn all stalks and residue from harvested crops each year. This includes weeds and grass that may have

South Magazine reports: "S. H. GREEN STAMPS are helping Dixie grow"

"During the past few years a major addition to business in the South has been the fast-growing trading stamp industry.

"Proof of the growing importance stamps play in bolstering the area's economy is found in the Southern operations of The Sperry and Hutchinson Company, distributors of the widely-known S&H Green Stamps.

"In 1957 alone, S&H purchased more than \$12 million worth of merchandise from Southern manufacturers, providing many of the area's industries with increased outlets for their products and boosting Southern payrolls.

"Added to these figures is the \$2,250,000 annual payroll written by S&H for its present and growing 866-person Southern personnel. The Company has invested hundreds of thousands of dollars in real estate to locate its modern redemption centers, indicating that the industry has become a permanent part of the area's business life."

4-H NEWS Round-up

BY TOM CASADAY • ASSISTANT COUNTY AGENT

4-H Club Officers — 4-H Club meeting time is only a few days away now. In August, we'll meet the New Hope Clubs on Wednesday, October 1. Officers who will head each club are Billy Carpenter, Pine Level; Andy Spurlin, Kinross; Junior, Jerry Dyess, Fairview; Jackie Young, Damascus; Jerry Polley, Curtis; Wendell Moore, Basin; Wayne Smith, Goodman Junior; Joel Adkins, New Hope Senior; Frank Johnston, New Hope Junior; Don Myrard, Mt. Pleasant Senior; Donald Ammons, Zion Chapel Junior; Billy Jack Ziegler, Zion Chapel Senior; and Donnie Marler, Newbia Club.

4-H Club Demonstrations — Coffee County 4-H Club members will have an opportunity this school year to learn a lot of things to help them in their project work. We made an effort to select interesting and timely demonstrations for the benefit of all club members.

Two programs selected for October are "Raising Dairy Calves" and "Raising Feeder Pigs." We think both of these projects can be very important. In November the subjects are "How to Transplant," "Growing Tomatoes and Growing Straw-berries." December lessons are "Care of the Farm Tractor" and "Safety Treating pigs and cattle for worms and external parasites is the subject for the January series of meetings.

"Good pastures for more and better cattle" is the subject for February. And in March Paul Donaldson, Alabama Power Company, will give his annual demonstration on Electricity. The club year will end in April with a program on marketing, and also a lesson on growing fruits and nuts.

Crop Feeding Pigs — Research findings plus farmer experience points out the need for feeding little pigs a good commercial starter ration just as soon as they will eat.

The cheapest gains made in a pig's life is from birth to about eight weeks. And a pig starter packed with all the

Judge of Probate of Coffee County, Alabama, as Elba, in Mortgage Book N-3, page 165, and said mortgage has been duly transferred and assigned by The Federal Land Bank of New Orleans to Mrs. Donnie Mills, under assignment dated August 26, 1958, and

Whereas, default has been made by mortgagor in payment of the indebtedness secured by said mortgage and in the performance of the terms of said mortgage;

Now, therefore, Mrs. Donnie Mills, the transferee and owner of said mortgage, will sell, under and by virtue of the power of sale contained in said mortgage, between 11 o'clock, A.M., and 4 o'clock, P.M., on the 20th day of October, 1958, at auction to the highest bidder for cash, in front of the Court House door of Coffee County, Alabama, at Elba, the real estate embraced in said mortgage, described substantially as follows:

S.W. 1/4 of SE 1/4, and also S. 1/4 of SW 1/4 in Section 26, Township 7, Range 20, Coffee County, Alabama, containing 80 acres, more or less.

Said sale will be made for the purpose of realizing the mortgage debt, together with all expenses of this sale, and in full satisfaction of the fee, being a reasonable attorney's fee.

Buy and Sell Through Clipper Want Ads

Fresh Peach Pie

Now is the time when fresh peaches are gracing the markets and they are especially delicious in fresh peach pie. Enhance the goodness of your favorite pie crust mix. Pour the mix into a bowl, add water crust.

After the Peach Pie is baked and cooled, serve it for dessert with cups of hot melon taste.

PEACH PIE
Makes one 9 inch pie
One pkg. Flako Pie Crust Mix
4 to 5 tablespoons cold water

Filling:
1/2 cup sugar
1/2 cup brown sugar
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 cup flour
5 cups sliced fresh peaches
1 tablespoon butter

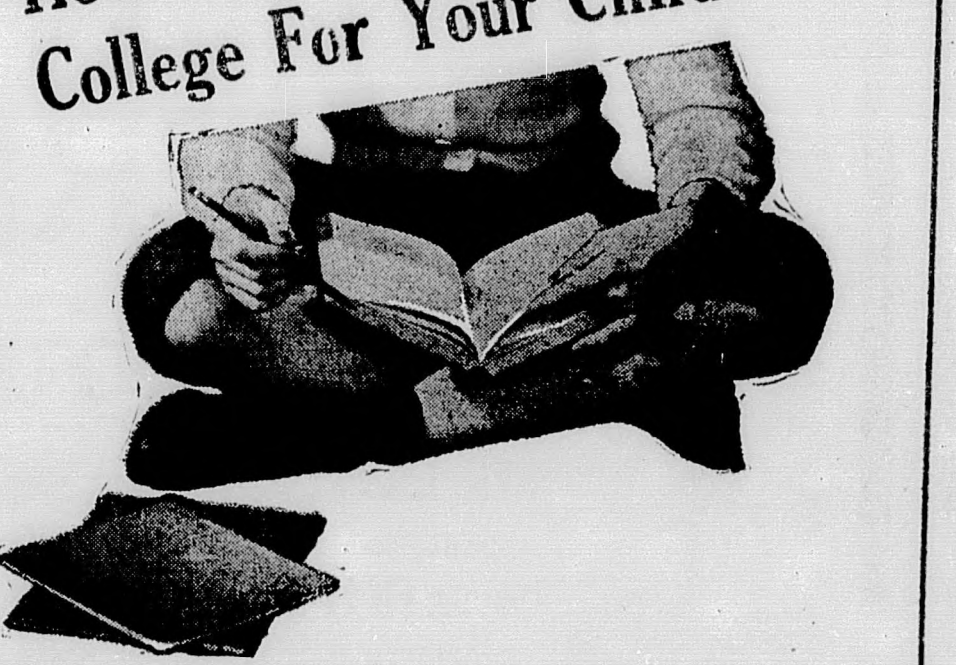

Heat oven to hot (425°F). For the filling, mix sugars, salt, cinnamon and flour together. Sprinkle over peaches, tossing lightly to completely coat the peaches.

For the pie crust, empty the package of pie crust mix into bowl, until just dampened. Form into ball. Divide dough in half. Roll out one half on lightly floured board or canvas until it is slightly larger than inverted pie plate. Fit loosely into 9-inch pie plate. Trim edges with scissors until even with edge of plate. Fill with fruit filling; dot with butter.

Roll out other half of dough slightly larger than pie plate. Slash edge of bottom crust; flute. Fold edge of top crust under. Bake in preheated oven (425°F) 40 minutes or until top crust is evenly browned.

How To Save Money For College For Your Child

NOW is the time to "start" your youngster on the way to college, with an Educational Savings Account at the Elba Exchange Bank. It's the fast, easy way to build up college funds. Save a few dollars a week out of current income—and you won't have to dig up a thousand dollars a year or more later.

The liberal interest you will earn, compounded semi-annually, will swell your savings. The interest can save up to one-third more on the cost of the college education, depending on how soon you start. So start NOW!

REMEMBER: Home is the greatest place on earth to the people of our section. Let us trade at home—spend at home—back the institutions of home—patronize the home bank and let us all grow together, making this The greatest section our great state!

What's The Matter? Don't You Want The Money?

The Elba Clipper has joined with a number of High Schools and Junior High Schools in a cooperative canvass for new or lapsed subscriptions to The Elba Clipper with the school to get one dollar from each three-dollar subscription for some school project of the school's own choice, like athletics, banquets, library books or School Supplies.

Some Students are Going Great Guns!

The very first Week-End of the canvass last week, they have shown what can be done. Scattered reports show that those who got out and made the calls got the subscriptions and, consequently, the money for their Schools.

But, frankly, they have been so few that if only they make the calls throughout this month, their schools will get no more than a fraction of the dollars they could get if an equal number of calls were made by all those selected by their school counselors.

ONE WEEK HAS ALREADY PASSED

The Canvass can hardly be said to have gotten off the ground. Students who have been active have shown results, but they have been so few that they have hardly scratched the surface.

THERE'S STILL TIME For Your School To Enter!

This is not a Contest. It is a cooperative effort. If your school has not already accepted the offer, it can do so today, and your students can start to canvass this weekend. If only ten students get five subscriptions it will mean FIFTY DOLLARS FOR THE SCHOOL to buy athletic equipment, for a banquet, to buy library books—or whatever your school decides.

If your school has entered, there's still time for those students who made no calls to do so. Let's start this WEEKEND!

HERE ARE THE SCHOOLS

Which have Accepted this offer Together with the name of the Faculty member in charge, and the school project for which the money will be used!

ELBA HIGH SCHOOL

Canvass by Junior Class; Miss Sadie Rowe and Mrs. Catherine Spurin. Teachers in Charge, Proceeds to be used for the Junior - Senior banquet.

CURTIS JUNIOR HIGH SCHOOL

Canvass by 7th, 8th and 9th Grades; E. C. Griffin, Principal in charge; Proceeds to buy duplicator and science room equipment.

NEW HOPE HIGH SCHOOL

Canvass by members of Basketball Team. Chester Jacobs, Principal in charge; Proceeds to buy basketball and other athletic equipment.

BASIN JUNIOR HIGH SCHOOL

Canvass by 7th, 8th and 9th Grades; Wallace Davis, Principal in charge; Proceeds to buy basketball Club and playground equipment.

GOODMAN SCHOOL

Canvass by Group selected by H. J. Locklar, Principal.

ZION CHAPEL HIGH SCHOOL

Canvass by Basketball Team, Coach Letty L. Foley in charge; Proceeds to buy athletic equipment.

FAIRVIEW JUNIOR HIGH SCHOOL

Canvass by Group selected by T. W. Pierce, Principal in charge; Proceeds to buy basketball and other athletic equipment.

DAMASCUS JUNIOR HIGH SCHOOL

Canvass by 7th, 8th and 9th Grades; Ned Young, Principal in charge; Proceeds to buy new basketball uniforms and similar purposes.

ELBA COLORED HIGH SCHOOL

Canvass by Group selected by W. M. Patton, Principal; Proceeds to buy science supplies and library books.

Still Time For Your School To Enter and Get Money for Worthwhile School projects: If it has not Already Been Done So!

Through the Keyhole

BY MRS. ROBERT CANNON

PINK HEARTS sprinkled with star dust which spelled out the letters "A" and "D" were part of the arrangement of pink carnations that adorned one end of the dining table. Tail pink candles in three-branch crystal candelabra were placed on either side of the flowers and a punch bowl graced the far end of the table. Lamps burning on occasional tables cast a soft glow over the room.

Through the rain and dampness came the many friends of John and Ida Kimmy to meet Andy's bride, Dixie. And what fun it was to stand at the door and get to speak to everyone. Gwyn Marsh, looking ethereal in blue satin, registered the several hundred guests and the house resounded to gay voices all during the party hours.

Alberta, DuBoe, Annie Beas Rowe, Mary Hobbs, Rachel Cook and Frances Conner, who served the guests, added to the decorations with their pretty vivaciousness and the Misses "Jo" and Nina Rowe passed mints and nuts, assisted by Miss Emily Dickert, sister of the bride.

"Butch" and Sara Emily Dickert seemed right at home and the tea was an especially happy one. Andy and Dixie left Wednesday for Tuscaloosa, where they will spend the next year.

THOROUGHLY enjoyed talking with Grace Taylor about daughter Marilyn's seventh birthday party. Grace invited six little girls out to spend the party with Suzanne. She received many lovely gifts.

On arriving, the children were served punch. After a number of games, the beautiful birthday cake and ice cream were served punch. After a given 10.30 as favors.

The gifts were then opened, 46 children enjoyed this lovely party with Suzanne. She received many lovely gifts.

My Neighbors
"Isn't it a shame! You went and broke your winding stem and main spring!"

The world's most versatile crop. Protect it!

Mrs. A. C. Brunson Is Honored at Tea

The home of Mrs. Wyeth Bragg was beautifully decorated with flowers and potted plants, when she entertained recently with a tea honoring Mrs. A. C. Brunson, Jr. Other hostesses included Mrs. Aubrey Jacobs, Miss Vonette Hudson, and Miss Helen Plant.

Mrs. Quenton Helms of Selma greeted the guests at the door. Recreating were the honoree, her mother, Mrs. Lee Johnson, Mrs. A. C. Brunson, Sr., and Mrs. Robert Davis, a recent bride of New Brockton.

In the dining room the table was covered with a white linen cloth. Pink candles burned in branched candelabra and dainty coral vine encircled the punch bowl. A footed cake stand held embossed cakes and computes of nuts and mints completed the appointments.

Miss Vickie Brunson registered the many guests who called at a dainty table adorned with an angel figurine. Also assisting at the tea were Miss Shirley Johnson, Mrs. Ann Miller and Miss Madelyn Brunson.

Elba Girl Named In Chicago Tribune Column

Mrs. Carol Arquilla of Chicago, daughter of Mr. and Mrs. H. L. Stephenson of Elba, was the subject of a society column in the Chicago Tribune, recently under the heading "White Collar Girls Who Rose to Top."

Mrs. Arquilla who visited here recently with husband N. L. Arquilla, is described in the column as follows:

"Carol Arquilla is a young woman who joined Zenith Radio Corporation 11 years ago as a lacer in television and radio assembly. In 1955 she was transferred from the factory to the office where she was placed in the purchasing department. A native of Alabama, she was graduated from the Elba, Ala., High School."

MANAGES PLAINSMAN

Frank Price of Elba has been elected to serve as business manager of the Plainman at Alabama Polytechnic Institute for the school year which begins on Sept. 22.

"NO TERMS EXCEPT UNCONDITIONAL AND IMMEDIATE SURRENDER"

When your body is attacked by a germ or virus infection, it must fight back. If your resistance is low, the battle becomes a difficult problem.

You cannot compromise with sickness but must overcome it speedily and unconditionally. In our pharmacy are many weapons your physician can prescribe. Modern prescriptions are like powerful bullets that seek out the enemies to good health. When you are sick, let your physician advise you how to fight back. We can provide any medication you may need.

COFFEE NEWS & CHAT

By Sara E. Hutchinson, Home Demonstration Agent and Jean Wakefield, Asst. Home Demonstration Agent

We hope to continue our news column, now that vacation time is over and things are settling down again. My family surely did enjoy their vacation to the mountains in North Carolina.

Our county will soon be having their county dress revue contestants you'll be seeing are Mrs. Ira Allen, Mrs. John Fulford and Mrs. Carroll Swenson.

A few of the county dress revue contestants you'll be seeing are Mrs. Ira Allen, Mrs. John Fulford and Mrs. Carroll Swenson.

The Evergreen home demonstration club is planning a quilting day with Mrs. Robert Hussey Sept. 30. The club members are urged to come and bring a covered dish. The quilt will be sold by the club members in order to have money for their treasury.

We have enjoyed helping Mrs. Albert Dyess, Bluff Springs, community with wiring plans for her home. The Dyesses are in the process of remodeling and wanted to know the correct number and location of outlets, size of wire, right number of circuits and correct placement of ceiling fixtures.

There is a greater need now for better wired homes than ever before, due to the growth of electrical appliances in homes. Most homes have been

wired for 20 or 30 years and we find that 4 out of 5 homes are inadequately wired. This is also true in new homes being built today.

Last Friday we attended an agent's meeting in Ozark on Landscaping. There will be a demonstration on this in the county first of the year.

The club schedules for next week are:

Calvary, Sept. 19, with Mrs. Amos Metcalf; Rhodes, Sept. 19, at the club house; Wesley Chapel, Sept. 22, with Mrs. Leonard Strickland; Curtis, Sept. 23, with Mrs. Spurgeon

New club members who have joined thus far this month are: Mrs. Marvin Kelley, Mrs. Rex Bradshaw, Mrs. John Bradshaw, all of Wilkes club; Mrs. James Wambles and Mrs. Frank Richards, Evergreen club; and Mrs. Bill Devane, of Whitewater.

Grimes, Enterprise, Sept. 23, with Mrs. S. C. Stephenson; New Hope, Sept. 24, with Mrs. Ralf Wilson; Mt. Zion, Sept. 25, with Mrs. Bill Ward; Kinston, Sept. 25, at the club house; Key Line, Sept. 26, at the club house.

Condition Floors For Winter Living
Full housecleaning is usually easier than spring housecleaning because the heating plant has not been blowing dust at the walls and ceiling all summer, nor has indoor cooking with its yellow smoke been quite as heavy.
The floors do get soiled in summer, however, and need special fall care to childproof them for more hours of indoor living. All floors should be cleaned and waxed. Linoleum, asphalt, rubber and vinyl tile should be thoroughly cleaned, rinsed and dry before waxing. Wood floors respond to any good wood cleaner. Since water repellency is a desirable quality in a floor wax during bad weather, vinyl floor wax is recommended for childproofing. This self-polishing floor wax, for all floors, has durable brightness and scuff resistance also.

ELBA OIL COMPANY
PHONE TW 7-2827

TO DOTHAN OFFICE—Chapman R. Blackwood, for three years sales manager of the Southeast Alabama Gas District, has been named superintendent of the district's eastern division. Blackwood's headquarters are in Dothan.

Mr. John Bonneau and Jake, Mrs. Corinne English and Margaret spent Sunday in Tusca-
loosa with Mrs. Bonneau's sister, Mrs. Corinne West.

Mr. and Mrs. Herbert Whaley had as their guests last week, Mr. and Mrs. Question Helms of Selma, who have been transferred to Valdosta, Ga.

Mrs. Doyle Carpenter is recuperating at the home of her parents, Mr. and Mrs. Ed Hudson after undergoing surgery in Birmingham, Ala., and Mrs. Carpenter have been residing in Ozark where both are school teachers.

Mr. and Mrs. Bobby Bullard and son Heath left Friday for Columbus, Miss., where Mr. Bullard is stationed with the U. S. Air Force.

Miss Courtney Vann Cannon spent last week in Troy visiting her grandparents, Mr. and Mrs. Joe T. Vann.

Mr. Tom Beale spent Friday in Auburn on business.

Miss Jeanette Garrette, of Elba, has returned to Birmingham.

Smokey Says:
"WHO ME? ME? SET A FOREST FIRE? NO! NO! NO! HELP ME PREVENT FOREST FIRES!"
It's always the other fellow!

PERSONALS
The program came to a close with an address by Joe Starnes, former congressman from Alabama and president — elect of Civitan International, who was introduced by Grady T. Roy, past president of Civitan International, member of the Birmingham club.

Officers of the Elba club are President Dunaway, Secretary Moore and Treasurer Lister Brunson. Charter members are: Edward L. Beaman, Harvey Boswell, W. L. Bragg, J. R. Brunson, Lister Brunson, Ocie Daugherty, Harold Deal, Charles R. Devane, Jr., F. F. Dunaway, Durward M. English, C. P. Hayes Jr., John E. Holley, Jr., Edwin H. Jones, J. C. Lewis Jr., Julian P. Moore, S. T. Morrow, L. B. Murphree, Wiley D. Newby, Collis Parrish, Stanley Prior, Frederick W. Rainor, Dazier Roberts, J. E. Rudd, Billy Russell, Jackson W. Stokes, H. C. Taylor and Oliver Williams.

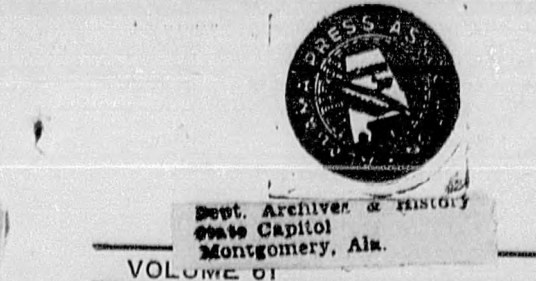

ELBA HIGH BAND TO GO TO TROY FOR TCU EVENT
The Elba High School Band will be among school bands from all over Southeast Alabama, which will gather at Troy, Saturday, October 18, to participate in Troy State College "Appreciation Day."

"Appreciation Day" is sponsored by the Troy Chamber of Commerce. George O'Neal is general chairman of the event, with Elba Barber and Ed Walters in charge of band arrangements. Walters is leader of the Troy High School band which will be host for the event.

STUDIES MEDICINE
Paul Miles of Elba will begin classes this week as a first year student at the University of Alabama Medical College in Birmingham. Announcement was made by Dr. Robert C. Benson, Dean of the Medical College.

Victorious Tigers To Play Opp Here

CIVITAN CLUB FORMALLY GETS CHARTER HERE
Enthusiasm was the keynote as the Elba Civitan Club formally received its charter at Charter Night program Saturday, Sept. 20, at the Elba High School following a banquet in the cafeteria.
I. F. Dunaway, president of the Elba Club, received the charter from W. K. Lasseer, governor of the Alabama — West Florida district, immediately after installation of officers by Robert E. Impeharter, governor — elect of the Alabama West Florida district.

Visitors Present
Civilians were present from Birmingham, Montgomery, Dothan, Andalusia, the sponsoring club, and other clubs in South Alabama.
With M. L. Moore, president of the Andalusia club, as toastmaster, the program opened with invocation by Rev. F. R. Bowman, chaplain of the Andalusia club, followed by dinner and introduction of guests by Robert T. Holley, Lieutenant Governor of the Alabama — West Florida district. Mayor H. C. Taylor extended a welcome to the club followed by initiation of members by John D. Miller, president of the Birmingham Civitan club. Then followed installation of officers and presentation of charters.

Messages of congratulations from points as far away as Los Angeles, Calif., and in Canada were read by J. P. Moore, secretary of the Elba club. Al Browning, vice president of the Andalusia club, presented a bell and gave to President Dunaway.

Starnes Is Speaker
The program came to a close with an address by Joe Starnes, former congressman from Alabama and president — elect of Civitan International, who was introduced by Grady T. Roy, past president of Civitan International, member of the Birmingham club.

Officers of the Elba club are President Dunaway, Secretary Moore and Treasurer Lister Brunson. Charter members are: Edward L. Beaman, Harvey Boswell, W. L. Bragg, J. R. Brunson, Lister Brunson, Ocie Daugherty, Harold Deal, Charles R. Devane, Jr., F. F. Dunaway, Durward M. English, C. P. Hayes Jr., John E. Holley, Jr., Edwin H. Jones, J. C. Lewis Jr., Julian P. Moore, S. T. Morrow, L. B. Murphree, Wiley D. Newby, Collis Parrish, Stanley Prior, Frederick W. Rainor, Dazier Roberts, J. E. Rudd, Billy Russell, Jackson W. Stokes, H. C. Taylor and Oliver Williams.

Elba's victorious grid warriors.
The teams were evenly matched, and both had fighting spirit. Luvorne's persistent play on the line and the by line well and threw up a good defense. Elba dominated the first half, but the second quarter Luvorne pretty well handled the show. The Tiger win can be attributed to hard blocking, sharp tackling, hard running, and being able to capitalize on the breaks. Luvorne's fumbles cost them at least a touchdown, and an intercepted pass accounted for another.

Another aspect of the game in which Elba was good, if not persistent, was the passing. Luvorne's passing was three out of four. Devin for a crucial first down. This was until the aerial — happy club of last year that had several intercepted.

Elba Lineup
Left End, Devane; Left Tackle, Meeks; Left Guard, Fuller; Center, Brunson; Right Guard, Crocker; Right Tackle, Clark; Right End, Casey; Quarterback, Jimmy Wise; Left Half, Tom Dyess; Right Half, Earl McCollough; Fullback, Thomas McCollough.

Elba got 142 yards rushing, while Luvorne gained 156. In the passing department, Elba got 12 yards in 1 for 1. Luvorne got 0 in 0 for 5, and had one interception. The leading ground gain for Elba was Tom Dyess with 64 yards in 13 carries for a 4.9 average.

Score By Quarters
Elba 7, 7, 0, 7—21. Luvorne 0, 7, 6—20.

Dorsey's Gets World's Largest Riveter, Profit-Sharing Unique

The new Chevrolet dealer here is Rosa C. Smith, for the past 11 years general sales manager of Johnson Chevrolet, Inc., of Mobile, the largest Chevrolet dealership in South Alabama. He has been in the automobile business 18 years.
Mr. Smith will be associated in the business here with C. F. Johnson of Asheville, N. C., and Palm Beach, although Mr. Smith will be in full charge of local management.
Mr. Smith is a native of Birmingham, attended the University of Alabama and served in both World War II and the Korean War as a major in Artillery. In Mobile he was a member of the Mobile Chamber of Commerce and was active in community affairs.
He has moved his family to Elba and taken a home on Opp highway. Mr. and Mrs. Smith have four children, the oldest, Jackie, is attending Alabama Polytechnic Institute at Auburn; Ross has entered Alabama Grammar School, seventh grade, Glenn fourth grade and Morgan is of pre-school age.
Sam Rowe, who has been manager of Dorsey Chevrolet, Inc., for 20 years, will continue to be associated with Dorsey Trailers, Inc.

4-H Presidents heading the sixteen boys clubs this year are: Don Mynard and Gerald Hughes, Jr., Pleasant; Billy Jack Ziegler and Donald Ammons, Zion Chapel; Jackie Parker and Frankie Johnston, New Hope; Joel Adkinson and Wayne Smith, Goodman; Billy Carpenter, Pine Level; Andy Spurrier and Howard Smith, Kin-Son; Jerry Dyess, Fairview; Jackie Young, Damascus; Jerry Foley, Curtis; Donnie Moore, Newlin; and Wendell Moore of Basin Club.

Worms
Worms are good for fish bait, but in the stomach of cattle and pigs they are bad. That's why Dorsey's is now offering a special price on its new line of worm medicine. The machine will increase the sales volume for Dorsey's to the point where it will be necessary to hire additional people to assemble the prefabricated sections it turns out.

Cost Half Million
Representing an investment of nearly a half million dollars, this machinery is the result of over two years combined effort by Dorsey Trailers and General Riveters, Inc.
It is anticipated that this machinery will increase the sales volume for Dorsey's to the point where it will be necessary to hire additional people to assemble the prefabricated sections it turns out.

Drumming, automatically inserts the holes for the rivets, rivets and drives the rivets. Most of the airplanes used by commercial airlines are the new Jet Airlines which will soon be placed in service. Military aircraft, as well, are assembled by this process. This, however, is the first time Drivmatic riveting has been applied outside the aircraft industry. Moreover, mechanical restrictions preclude the use of air in the manufacturing of rivets. The machine, known as the Drivmatic, automatically inserts the holes for the rivets, rivets and drives the rivets. Most of the airplanes used by commercial airlines are the new Jet Airlines which will soon be placed in service. Military aircraft, as well, are assembled by this process. This, however, is the first time Drivmatic riveting has been applied outside the aircraft industry. Moreover, mechanical restrictions preclude the use of air in the manufacturing of rivets. The machine, known as the Drivmatic, automatically inserts the holes for the rivets, rivets and drives the rivets.
